TOWN OF MEREDITH

STATE OF NEW HAMPSHIRE

**TOWN WARRENT
TOWN OF MEREDITH**

To the Inhabitants of the Town of Meredith, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday, the 9th day of March, 1948, at nine of the clock in the forenoon to act upon the following subjects:

1. To bring in your ballots for Town Clerk, one Selectman for three years, one Selectman for two years, Treasurer, Collector of Taxes, Chief of Police, Traffic Officer, one Trustee of Trust Funds for three years, two Library Trustees for three years, and a Road Agent.

2. To see if the Town will vote to adopt the provisions of Revised Laws of New Hampshire 1942, Chapter 55, and any and all amendments thereto known as "An Act authorizing Towns to Establish the Office of Town Manager." (By petition)

3. To see if the Town will vote to adopt the provisions of 1947 Public Acts and Joint Resolutions, Chapter 236, known as "An Act relative to Transferrance of the Powers and Duties of the Collector of Taxes to the Town Manager in certain Cases." (By petition)

4. To choose all other necessary Town Officers.

5. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

TOWN OF MEREDITH

6. To hear the report of the Budget Committee and act thereon.

7. To see how much money the Town will vote to raise towards defraying expenses of the Town Library.

8. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500) for the Meredith Village Cemetery Association for care and betterment of the cemetery. (By request Meredith Village Cemetery Association)

9. To see how much money the Town will vote to raise toward the support of the Public Health Nurse.

10. To see how much money the Town will vote to raise for the benefit of the Laconia Hospital. (By request Laconia Hospital Association)

11. To see how much money the Town will vote to raise and appropriate towards defraying the expense of Memorial Day and specify how same shall be expended.

12. To raise such sums of money as will be necessary for repairs of Highways and Bridges - summer maintenance.

13. To raise such sums of money as will be necessary for snow removal and sanding - winter maintenance.

14. To raise such sums of money as may be necessary for General Highway Expenses.

15. To raise such sums of money as may be necessary for Police protection.

16. To see if the Town will vote to raise and appropriate the sum of \$2,313 for construction of Parade-Pease-Oak Hill Road, provided the State will set aside \$4,626 for this purpose.

TOWN OF MEREDITH

17. To see how much money the Town will vote to raise and appropriate toward the support of the Fire Department.

18. To see what sums of money the Town will vote to raise toward the eradication of White Pine Blister Rust. (By request State Forester)

19. To see if the Town will vote to raise and appropriate the sum of \$411 which is 1/100 of 1% of the assessed valuation of the town, to The Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town, in cooperation with other towns in the Lakes Region. (By request Lakes Region Asso.)

20. To see what action the Town will take relative to the leasing of the Town Hall.

21. To raise such sums of money as may be necessary for the payment of Old Age Assistance and for the benefit of indigent persons chargeable to the Town of Meredith.

22. To see how much money the Town will vote to raise and appropriate toward defraying the expenses of Band Concerts for the season of 1948.

23. To see how much money the Town will vote to raise and appropriate toward the improvement of road on West side of Lake Winnisquam.

24. To see how much money the Town will vote to raise and appropriate to widen Highland Street in Meredith Village.

25. To see how much money the Town will vote to raise and appropriate to improve Welch Hill on old New Hampton Road.

26. To see how much money the Town will vote to raise and appropriate to improve Jennes Hill Road.

TOWN OF MEREDITH

27. To see how much money the Town will vote to raise and appropriate to improve Massachusetts Avenue.

28. To authorize the selectmen to acquire land and shore frontage on the westerly side of Lovejoy Sands Road for car parking area and wharf purposes; and to see how much money the Town will vote to raise and appropriate toward the purchase and clearing of land described in this article. (By request Meredith Neck Summer Colony)

29. To see how much money the Town will vote to raise and appropriate to repair, improve, and enlarge the town wharf at Lovejoy Sands. (By request Meredith Neck Summer Colony)

30. To see if the Town will authorize and direct the Selectmen to have a descriptive inventory made of each parcel of real estate in the Town of Meredith, and to see how much the Town will vote to raise and appropriate toward defraying the expenses of having such inventory made. (By request Thomas H. Briggs)

31. Provided articles 2 and 3 are adopted by vote of the Town, to see how much money the Town will vote to raise and appropriate toward the salary and expenses of the Town Manager.

32. To see if the Town will vote to appropriate the Sum of Eight Hundred Dollars (\$800), to be used in conducting a ten weeks summer program of supervised recreation and sports program under the direction and supervision of a salaried Director and assistant, and that the Selectmen name a committee of three to select a supervisor and assistant and to approve all expenses incurred before being paid by the treasurer, said committee to make a report and recommendations at the next annual Town Meeting. (By petition)

TOWN OF MEREDITH

33. To see if the Town will vote to adopt and enact the provisions of Chapter III of the Revised Laws of 1942, State of New Hampshire, and any and all amendments to the same being an act entitled "Sidewalks and Sewers."

34. To see if the Town will vote to authorize and empower the selectmen, to plan, construct, and lay out a system of common sewers and sewage disposal plant in the town; and further to authorize and empower the said selectmen to engage all engineering and contracting services incident to the construction thereof, and to raise such sums of money as may be necessary to defray the cost of said common sewers and sewage disposal plant.

35. To transact any other business that may legally come before said meeting.

Given under our hands this 16th day of February, 1948.

MARSHALL S. HODSDON
HENRY T. BOOTHBY
AARON F. CLARK

Selectmen of Meredith

A true copy—Attest:

TOWN OF MEREDITH

NOTES:

(a) Represents principal of Dudley Leavitt Fund previously included in Trust Funds in error as the Donor had originally intended the amount to be a gift to the Library. The Trustees of Trust Funds transferred this \$250.00 Fund to the Library which department has treated it as Receipts during the current period.

(b) Payment to Meredith Village Fire District to provide for payment to Ralph F. Flather of \$802.50 representing partial billing of Architect Fees in connection with proposed Fire Station building.

TOWN OF MEREDITH

DIVISION OF MUNICIPAL ACCOUNTING STATE TAX COMMISSION

Concord, New Hampshire

February 2, 1948

Board of Selectmen
Meredith, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual audit and examination of the accounts of the Town of Meredith covering the fiscal year ended December 31, 1947, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

Scope of Audit: Included in the audit and examination were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent, Library Treasurer and Trustees of Trust Funds.

Financial Statements: Balance Sheet as of December 31, 1947 shows the net debt increased by \$59,710.66 during the year.

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-1, with the factors which affected the increase in Net Debt indicated therein.

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1947, are presented in Exhibits B and C. As indicated by the budget summary (Exhibit C), a net revenue surplus of \$3,241.24, less a net overdraft of appropriation of \$518.84, resulted in a net budget surplus of \$2,722.40.

A summary of receipts and expenditures for the fiscal year ended December 31, 1947, made up in accordance with the uniform classification of accounts is included in Exhibit D. Proof of the Treasurer's balance as of December 31, 1947, is indicated in Exhibit D-1.

TOWN OF MEREDITH

Audit Procedure: The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the book of record. Receipts were checked by source in so far as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

General Comments: The accounts and records of all Town Officials were found in good condition and the accounting procedure conformed to the uniform system prescribed by this Division.

We extend our thanks to the officials of the Town of Meredith for their assistance during the course of the audit.

Very truly yours,

Harold G. Fowler, Director

Division of Municipal Accounting
State Tax Commission

Alan R. Matthews, Auditor

Kenneth L. Cowan, Accountant

Certificate of Audit: This is to certify that we have audited the accounts and records of the Town of Meredith for the fiscal year ended December 31, 1947, and found them to be in good order. In our opinion the Exhibits included herewith present a correct statement of the financial condition of the Town of Meredith and the results of operations for the fiscal year ended December 31, 1947.

Respectfully submitted,

Harold G. Fowler, Director

Division of Municipal Accounting
State Tax Commission

Alan R. Matthews, Auditor

Kenneth L. Cowan, Accountant

TOWN OF MEREDITH

ANNUAL REPORT OF THE DISTRICT NURSE

For The Fiscal Year Ended December 31 1947

Home, office and school calls as follows:

Welfare	42
Office	74
Home Consultation	70
School	231
Home School	84
Medical	457
Surgical	136
Prenatal	1
Post Natal	7
Newborn	20
Infants	16
Deliveries	2
Total	1140

21 patients were taken to the Laconia Clinic for treatment.

5 patients were taken to Laconia Hospital for X-rays.

15 patients were taken to the Cancer Clinic in Laconia.

37 patients were taken to Laconia Hospital for X-ray treatment.

11 adults were taken to the Dartmouth Eye Institute in Hanover.

2 patients were taken to the T. B. Clinic in Laconia

1 adult and three children were taken to Dr. Turley's office.

3 patients were taken to Dr. Marshall's office.

8 adults and 1 infant were taken to Laconia Hospital for admission.

TOWN OF MEREDITH

4 adults were taken via ambulance.

1 patient was taken to the State Hospital in Concord.

1 patient was taken to a convalescent home in Franklin.

Clothing, shoes and blankets were given to the Association by Mrs. Cordelia Berquest, Mrs. Henry Stark, Mrs. Clinton Roper, Mr. James Kitching, Miss Beryl McNeil, Mrs. Phillip Lowe and Mr. Joseph Kennedy.

Mrs. Harold Piper gave a high chair to the Association. A bed cradle was given by Mr. Carlton Howe and a drying rack by Mrs. Beatrice Macdonald.

The Association is very appreciative of the two hospital beds which were given in the past. Both beds are in use at the present time.

I have derived a great deal of pleasure from working for the people of Meredith during the past year. Everyone has been very cooperative. I particularly wish to thank the various organizations in town for their willing and able assistance.

Respectfully submitted,

Lillie Belle Jacobs, R. N.

TOWN OF MEREDITH

FOREST FIRE SERVICE

Forest Fire Problem Serious

The year 1947 was one of the worst periods of drouth and forest fire occurrence in eastern United State's history. Lack of water ruined crops, lowered water levels and dried up brooks everywhere. Three months of deficient rainfall and abnormally high temperatures resulted in many fires which were mostly well controlled and kept within bounds. Only the high winds beginning on October 23rd caused a few fires to escape beyond immediate control. These few fires resulted in burning some 15,000 acres and the loss of 63 or more buildings in four New Hampshire towns.

All October fires were costly. They burned deeply in the ground and required day and night patrol of large crews of men until the rains came late in October. Towns which escaped from serious fires might easily have been in the midst of the most serious conflagrations we had.

Governor Dale closed the woods effective at midnight of October 15th. With the blow-up of October 23rd, a second proclamation closed all back roads and authorized towns to inaugurate patrol. The effect of this was to cut down subsequent fires for the rest of the dry period.

Local fire warden forces performed an admirable job to hold the more than 200 fires that occurred during this October period. Many men were taxed to the utmost as the emergency continued. To them and all those who did their work, the people of New Hampshire owe a debt of gratitude. The state forest fire control agency based on local town wardens and town crews wherever adequately equipped rose to the occasion and met the test in whatever town their services were needed.

TOWN OF MEREDITH

It is now time to take stock of our fire fighting facilities for the season ahead and to make them adequate where necessary. To this end town fire plans and training programs for wardens, deputies and other key men in each district are being arranged or in progress. If equipment and tools are insufficient properly to equip the available man power in each community with the right tools for the job, they should be provided for at once. The yearly addition of fire tools to the town supply will generally need to be built up. The state sells tools to the towns and shares one-half their cost. Good equipment is important and can help greatly to keep both damage and fire costs at a minimum.

For many years we have requested our wardens not to issue burning permits except on rainy days. This regulation will be in effect again this year as it is one of the best means of assuring such fires from getting out of control. Nine out of every ten fires can be prevented, 98 per cent of all fires being due to human carelessness. Be sure to get a permit for any fire in or near a woodland when the ground is free from snow. Be sure your fires are always out before you leave them. Help us in getting the travelling public to keep from throwing out lighted matches or cigarettes. Be careful of all fires in or near woodland.

George F. Richardson, Jr. District Chief

Albert Sprague, Forest Fire Warden,
Meredith

School Report

TOWN OF MEREDITH

MEREDITH SCHOOL WARRANT 1948
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Meredith qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 5th day of March 1948, at 8:00 o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose two Members of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.

TOWN OF MEREDITH

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.
9. To see if the district will vote to raise and appropriate the sum of seven hundred sixty-five dollars (\$765.) to obtain additional insurance coverage on buildings owned by the school district.
10. To see if the district will vote to raise and appropriate the sum of twenty-nine hundred dollars (\$2900.) to employ an additional teacher in the primary grades at the Lang street school and to provide suitable temporary quarters for one class from this school.
11. To see if the district will vote to authorize the school board to sell or otherwise dispose of the building adjoining the Lang street school playground and formerly used for a nursery school.
12. (By request) To see if the school district will vote to authorize the school board to sell the Meredith Neck school house.
13. To see if the district will authorize the appointment of a special committee consisting of two members of the school board appointed by the board; one member of the board of selectmen, appointed by them, and two other legal voters

TOWN OF MEREDITH

of the district appointed by the moderator to consider the feasibility of forming a cooperative secondary school district and to report to the district at its next annual meeting its findings, including building requirements, program of studies, capital investment, operational costs of such a district and such other matter as may be deemed material.

14. To transact any other buisness that may legally come before the meeting.

Given under our hands at said Meredith this 17th day of February 1948.

Raymond L. Watson
R. S. Prescott
H. B. Piper
School Board of Meredith, N. H.

TOWN OF MEREDITH

DISTRICT OFFICERS

Moderator	Dr. Arthur F. Pottle
Clerk	Herberta Stark
School Board	
Jane Ambrose — 1948	Ernest Nedean — 1948
Harold Piper — 1949	Helen P. Pottle — 1949
Robert Prescott — 1950	Raymond Watson — 1950
Treasurer	Marion W. Chase
Superintendent	Almon W. Bushnell
School Physician	Raymond J. Turley, M.D.
School Nurse	Lillie Belle Jacobs, R.N.
Truant Officer	Chester C. Bickford

SCHOOL CALENDAR

1948 — 1949

Schools Open		Schools Close
September 8, 1948	(16 weeks)	December 23, 1948
January 3, 1949	(7 weeks)	February 18, 1949
February 28, 1949	(8 weeks)	April 22, 1949
May 2, 1949	(7 weeks)	June 17, 1949

HOLIDAYS

October 12, 1948	Columbus Day
November 25, 26, 1948	Thanksgiving
May 30, 1949	Memorial Day

Total number of school days according to above calendar is 183. The minimum allowed by State Board regulations is 180. This means that days lost due to bad weather or other causes must not exceed 3. Any days missed, in excess of 3, must be made up, probably by lengthening the school term after June 17.

Time taken during the year for institutes or attendance by teachers at educational meetings, not to exceed 8 days, need not be made up.

TOWN OF MEREDITH

Annual School Report Of The School Nurse

Seventy complete physicals were done in the high school.

All pupils in the schools were weighed, measured, and had their vision tested.

Dr. Pottle held weekly dental clinics for the children in the 4th, 5th and 6th grades. Most of the children had their dental work completed.

Seven children were taken to the Dartmouth Eye Institute in Hanover.

Four children were transported to Dr. Pottle's office for dental work.

One child was taken to Mr. Hammond in Laconia to have glasses frames fixed.

One child was taken to the Mental Hygiene Clinic in Laconia.

There have been many cases of pediculosis in the schools. The root of this problem lies in the chronic cases. These are the children who are constantly being reinfected through the home. It does no good to clean the childrens' heads if the parents' heads are not also cleaned. There has been little cooperation in this respect.

There are many children absent from school in the Spring due to Whooping Cough.

I wish to thank Mr. Bushnell, the School Board, the teachers and the parents for their fine cooperation.

Respectfully submitted,
L. B. Jacobs, R. N.

TOWN OF MEREDITH

REPORT OF SUPERTINTENDENT OF SCHOOLS

School Buildings

Our 1947 allotment of State Aid under the new equalization law has made it possible to do some work on our school buildings which has been needed for a long time. The exterior of the Lang Street school has been painted and the playground has a modern fence. We have also re-decorated three of the class rooms as well as the lunch room there. Oil heat has been provided for the school at Meredith Center, also an oil burner for the gymnasium and a new heater for the superintendent's office. The gymnasium also required a roofing job. The action of the frost on the front steps of the high school has made it necessary to do an extensive repair job there. Flourescent lights have been provided for the new commercial room at the high school.

Elementary Program

In line with recommendations made a year ago, considerable attention has been given to the problem of individual differences in the large classes at Lang Street school. We have employed as principal of this building Robert Bragg whose assignment is to find out what individuals need special atention and guidance, to organize various groups to provide what individual attention they need, and to develop a program of physical education. A full time principal also has time to see that the teachers are provided with the best materials available under the budget, help them discover problems and give active support in making decisions, planning activities, scheduling programs and relieving them of numerous time-consuming jobs such as collecting money for school lunches etc.

Children enter school eager to learn. It is our aim to see that this zest is not lost. Through encouragement, praise, guidance, scientific study, and remedial

TOWN OF MEREDITH

aid we help the children to adjust themselves to modern education. At Lang Street the needs of the individual are our guides. We have found that the pupils who do not grasp new lessons readily have tended to spend much time just sitting and waiting for the teacher to come and help them. They seem ready and willing to work while the teacher is there but soon form habits of idleness when left to work by themselves. These habits, after they have developed for several years, take much patient effort to break.

This year a great deal of thought has gone into the attempt to have parents better understand the school. First we have attempted to have the school operate efficiently and effectively to give every child security and success, believing that this makes a good school in the mind of the child and his parents. Personal conferences with the parents of many pupils have been held as an important part of our program. Last but not least is the organization of a parent-teacher association which through cooperation will do much to improve the opportunities of the children.

Something should be done about the Lang Street playground. The odor from the stream is pretty difficult to stand and it is not healthy for the children. The play area is much too small for two hundred youngsters. If the valley could be filled in, this would do away with the odor and double the size of the playground.

Our first grade this year numbers 39 children which, as I pointed out before, is too many for a teacher to handle effectively. It is recommended that an extra teacher for the primary grades be provided next year and a suitable temporary room, outside the school building, be secured to take care of the overflow group.

Cooperative School Districts

The crowded conditions suggested in the preceding paragraph emphasize the need for new construction. In this connection, it would be well, I believe, for

TOWN OF MEREDITH

Meredith to consider the implications of the new co-operative school district law, passed in 1947, which makes it permissible for two or more districts to join together and pool their resources to maintain schools. Several sections of the state are considering this matter seriously, especially with reference to high schools. It is said that a good variety and quality of high school education cannot be provided at a reasonable cost in school of less than 300 or 400 pupils. There are many high schools in the state today that are smaller than this minimum. People are giving serious thought to the establishment of larger schools by joining two or more small ones into one unit.

According to the new law, each district that wishes to join such a cooperative enterprise needs to approve this action by a vote at a district meeting. Many school districts are including in this year's warrant an article to authorize the school board or a special committee to make a study of this problem and bring in recommendations at a future meeting. The advantages and disadvantages of such a plan must be carefully studied with reference to each individual district before any definite action is taken.

One result of such a plan for Meredith would be the more equitable distribution of costs. Under the present law a school district which sends pupils here to high school is required to pay only the cost of instruction and no contribution toward the original cost of a building nor of the maintenance or administration of it may be charged as a tuition expense. Every high school which accepts tuition pupils receives as tuition about two-thirds of what it actually costs per pupil to build and maintain the school and provide the expense of instruction. Under the new plan, all costs would be equitably borne by cooperating districts.

Music Education

Our music supervisor, Donald Musgrove, has been given an increased time allotment this year, (four days per week instead of two). This permits him to carry

TOWN OF MEREDITH

on various instrumental classes on both elementary and high school level, as well as to place a greater emphasis on basic music instruction and drill with choral groups. The problem of a suitable place for this work has been partially solved by assigning a number of beginners' classes on clarinet, saxophone, trumpet and drums to meet in the superintendent's office on days when no classroom is available.

Shortage of Teachers

The supply of teachers, especially in the elementary grades, is still far from meeting the demand throughout the state. Less than 40 are graduating next June from our teachers' colleges with work in this field and the demand in September will call for at least five or six times that many. We must continue to depend for several years upon people who formerly taught and who are willing to go back into this work and we must try to interest more young people to enter the profession of teaching. Organizations such as parent-teacher associations and women's clubs can assist by sponsoring programs which will help to interest young women, as well as young men, in this profession. It will be several years before the supply can possibly meet the demand in this important field of service.

Automobile Driver Training

About three-fourths of our young people will be driving automobiles within the next ten years and Meredith high school is among the first of the schools in the state to provide a course of instruction, including actual behind-the-wheel driving, using a car with dual controls. There are 22 students at Meredith now taking the course. Because not all this work can be done during the school day, the learners are practising after school and on Saturdays. This is a very popular course and intensely practical.

Respectfully submitted,

Almon W. Bushnell

Superintendent of Schools

TOWN OF MEREDITH

REPORT of HEADMASTER of the HIGH SCHOOL

I present herewith my second annual report as Headmaster of Meredith High School for the year ending December 31, 1947.

School Program Presents Many Challenges

Perhaps it is difficult or even impossible to gain a true or valid impression of the educational program for which the school exists. The effectiveness of any school program depends primarily upon the classroom teacher, the curricula and material with which he works. In spite of the many difficulties of the last few years, Meredith as a whole has had the services of teachers who are alert to change in education and compare favorably with teachers throughout the state. There is no attitude that "we are perfect; we have arrived and, consequently, there can be no further improvement." The teacher as a whole holds a philosophy that Meredith schools must go ahead and that not to do so is to retrogress.

As to the effectiveness of the teaching and learning program going on in the classrooms, only subjective judgment can be given concerning such intangibles as habits, attitudes and ideals. Achievement in subject matter, however, is reasonable and specific test results show that Meredith pupils are, on the average, in some cases from half a year to more than a year in advance of the achievement of pupils in these grades throughout the country generally. This is one evidence of the quality of the teaching staff.

Individual ability capacities and basic interests of children vary greatly. This is true in all schools and all school systems. The problem attending these differences imposes grave psychological as well as instructional responsibilities on the educational staff.

TOWN OF MEREDITH

It seems to me that the challenge has been accepted by the Meredith teachers. The solution of the problem of a single individual child often requires the combined study of parents, superintendent and teacher. Many problems are quickly solved, then some seem to defy solution. In any case the Meredith teachers are working faithfully to give their pupils every opportunity to succeed.

Curriculum Plan

The curriculum at Meredith High School has been designed to give each pupil the opportunity to secure those subjects which best suits his needs; and yet, at the same time insure for all pupils that common educational background and experience which makes for intelligent and useful citizenship in a democratic society.

The common background of learning which constitutes the core of the curriculum requires the pupil to devote varying amounts of time to study in the following fields: English, Social Studies, Mathematics, Science and Physical Education. The specific subjects required of each pupil in each year are clearly shown in the Program of Studies Outline.

All pupils in grades 7 and 8 will follow the program as outlined.

It has been made broad enough to give the pupil the adequate background for the subjects he will pursue later in grades 9 - 12. Certain of the offerings are exploratory in nature, and as such will serve to discover individual pupil interests and aptitudes.

From the Electives listed under each year of the last four years the pupil will select **under guidance** the necessary number of courses to complete his program and which fit in the future educational and vocational plans. While it is true that the greater flexibility of this curriculum arrangement offers the individual freedom in the choice of electives, it is equally true that it will require him to exercise considerably

TOWN OF MEREDITH

more care and judgment in the selection of these electives if they are to contribute effectively to his intended goal. Under no circumstances should the choice of a particular subject be chosen because it is to be taken by one's friend, nor should the choice of a particular subject be left to chance.

Rather, the choice should be made in keeping with a plan of action which has been previously worked out with consideration and care by the pupil and his parent. The fundamental needs of the pupil preparing for college are quite different from those of the one who plans to terminate his education with graduation from high school. The former will want to take those subjects which are required for admission to the college of his choice; while the latter will want to take those subjects that have to some extent immediate value for him and yet, at the same time, will prepare him for whatever activity of a vocational nature he may engage in after leaving school.

The members of the faculty and the Headmaster will be pleased to confer with the pupil and his parents about the intended program and to assist in laying out a course of study that will insure the maximum return for the individual in keeping with his interests, abilities and needs.

Under the core-curriculum plan it is especially important that the pupils in Grade 8 and parents meet with the Headmaster to work out together a tentative four year course of study for him which will insure the proper selection of subjects in keeping with the pupil's educational and vocational goal.

Stenography and typing were added to the curriculum this year. A total of 19 students (18 girls and 1 boy) are taking the new course. Due to the fact that our equipment is limited to ten typewriters at present, seniors were given first choice and there are 14 enrolled in the class. The other 5 students are juniors.

TOWN OF MEREDITH

The main value that seniors will get from one year of stenography and typing is a knowledge which they may apply for personal use, unless they desire to go to business college for further training. Next year a second-year course called Office Practice will be offered. Students who have had two years of shorthand and typing will be able to go directly into office work upon graduation from high school.

If the enrollment for typing next year is more than ten (and all indications are that it will be) then it will be necessary to buy additional typewriters.

At present we are soliciting the cooperation of local businessmen in order to set up a cooperative part-time work program for seniors taking this vocational course. Present plans for this year are to have each senior spend three consecutive afternoons getting actual business experience in offices where the businessmen signify their desire to cooperate with the schools in this way.

Physical Education

One of the cardinal principles of education is the worthy use of leisure time. Through invention of labor saving devices, and labor legislation regulating working hours we are coming to have more and more leisure time. One of our most vital needs is proper training for the worthy use of this time. Our physical directors are teaching sports and games that are likely to be followed after the pupils have been graduated from high school. Experience in these sports will provide a valuable means of recreation in late years.

The second cardinal objective is health. Many physical deficiencies may be minimized or eliminated through regular forms of exercise and instruction in the maintenance of health. Our program has been arranged to provide such exercise and instruction to all pupils of the school for four periods per week.

TOWN OF MEREDITH

Equally important is the fact that participation in sports turns out youngsters who are unselfish, co-operative, and loyal citizens.

Full participation in the physical education classes makes it essential that every boy and girl be equipped properly with sneakers and gym suits and that towels be provided that a shower may be taken after each class to prevent the catching of colds. All parents are urged to see that high school pupils coming from their homes are properly equipped in this respect.

Conclusion:

The teachers and pupils of Meredith High School join me in appreciation of your constant support, your enthusiastic interest in our activities and the generosity you display when we call upon you, collectively and individually, for assistance.

Respectfully submitted,

Frederick J. Delaney
Headmaster
